

MailTube – electronic registered delivery service

Combine the simplicity and security with a file delivery solution

Service for safe and guaranteed file delivery – MailTube is available on [portal SignPlus](https://www.signplus.mk/).

All you have to do is to subscribe to use the portal at <https://www.signplus.mk/> to buy the appropriate number of credits and use the e-delivery (MailTube).

The screenshot shows the KIBS Trust SignPlus web portal. At the top, there is a navigation bar with icons for SIGN, TIMESTAMP, VERIFY, MY FILES, E-DELIVERY, BUY CREDIT, and MESSAGES. Below the navigation bar, there are status indicators for 'New message', 'Inbox', 'Sent', 'New token', and 'Sent tokens'. The main content area is titled 'Received messages' and features a search bar and filters for 'From' and 'To'. A table of received messages is displayed below, with columns for Subject, Sender, Received, Expires, and Actions. The table contains one message: 'Signed PDF document' from '@kibs.mk' received on '01.03.2022 15:18' and expiring on '08.03.2022 15:18'. Below the table, there is a storage status indicator: 'Storage: 1.0 GB | Used: 305.0 MB | Available: 695.0 MB'.
